The Best Companion for
Mobile Retailing and Hospitality

MT-5208A

Ergonomic and Versatile Mobile POS

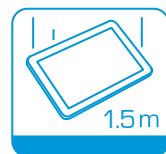

MT-5208A

POSIFLEX

The **MT-5208A** is a mobile POS specifically designed for both the retail and hospitality businesses. It is a 8" tablet supporting MSR attachment, pistol grip with built-in 1D or 2D barcode scanner, 2nd removable battery and an optional dock station to transform the device into a full-fledged, stationary POS.

Built for Business Mobility

MT-5208A is an Android based tablet, designed to meet business applications and requirements. It features a very durable construction and survives up to 1.5 meters drop.

Patented Technology [U.S. Patent 9436226 B2]

The MT-5208A can be fitted with the pistol grip that has an optional barcode scanner, and converts into a data collector. This ergonomically designed pistol grip shape handle was purpose-built for easy carrying. Additionally, it houses a removable battery to vastly extend the overall operating time.

Multi-use Versatility

With the pistol grip, the MT-5208A can be used for inventory, line busting or ticket taking. The tablet hand strap is ideal for service on the go. An encryption-capable magnetic stripe reader optimizes the tablet's usability in loyalty program.

Get Even More With A Dock Station

The optional dock station for the MT-5208A integrates a wireless 3" thermal printer and full suite of connectivity options. When the tablet is integrated with its dock station, an all-in-one POS is instantly at your disposal.
